1918-1919 (068)

SOLDIERS' AID COMMISSION
R-BS ONTARIO
OFFICE OF THE CHAIRMAN
PARLIAMENT BUILDINGS
TORONTO

April 28th 1919.

Dear Sir Robert,

I beg to draw your attention to the case of Lieut. Eric Fawlds, Canadian Engineers.

Lieut. Fawlds enlisted as a Sapper in the 2nd Field Company, Canadian Engineers, at Toronto, August 15th 1914, and proceeded to France with that Company. As a reward of hard earnest work he was promoted to the rank of Lieutenant in August 1918, and served on the Intelligence Staff of the 2nd Brigade, 1st Canadian Division, until he returned to Canada on demobilization on March 24th 1919.

Prior to enlistment, Lieut. Fawlds had attended the School of Science at Toronto in the years 1909,1910 and 1911. In that year, as is generally done, took a position in order to gain practical experience in engineering and was about to return to his studies at the University when war was declared and he answered the call to arms.

From Mr. Fawlds army record it is apparent that he has made good as an engineer in the army, and it is therefore urged that the University of Toronto show their appreciation of his services by granting him his final year and conferring upon him the degree of B.Sc. in order that he may at once enter into the profession of engineering.

Yours sincerely,

W. Davidson Thomas

Chairman.

Sir Robert Falconer, K.C.M.G.,
President, University of Toronto,
TORONTO.

February 5th, 1919

W. J. McAndrew, Esq.,

Box 581,

Port Hope, Ont.

Dear Mr. McAndrew:

At present there is no opening for teaching in the preparatory classes for soldiers. I will, however, refer your letter to the French Department.

Yours sincerely,

President.

January 25th, 1910

Rev. S. J. McArthur,
67 St. Ursula Street,
Quebec.

My dear Mr. McArthur:

I have been so busy that I have not had time hitherto to answer your letter, though I have read it and the copy of the will that you sent me, and I have also made inquiries at the Church Office as to what is expected of the Committee to which I was appointed without the least warning last summer. I may say that my engagements are such that I do not see how it would be possible for me to go to Quebec before June. I have already more than I can accomplish, but I hope to have a meeting of the Committee some time and to look into the matter as far as I am able.

As I understand your letter you are of opinion that the $1750 which is now being given to help maintain the Boys High School should be withdrawn and all the schools should be brought under the control of Morrin College Board of Governors. This would seem to me to be reasonable enough provided the Board of Governors will undertake such education as you propose. Will not one of the difficulties be to get the Board of Governors for Morin College who will really take action in the matter ? I shall be glad to hear from you further. With kind regards, I am, Yours sincerely,

May 9th, 1919

Dr. J. H. MacCallum,

19 Bloor Street West,

Toronto.

Dear Dr. MacCallum:

I am sending you a letter which I have just received, and I wrote to the Company saying that I had transmitted it to you.

Yours sincerely,

President.

2044

Petawawa Camp.
July 15/18

Dear Sir:

Toronto University Graduates have been offered the opportunity of taking out their commissions in the artillery. My case is a little out of the ordinary and I am taking the opportunity of laying the facts before you for your consideration as I know you are interested in the welfare of University men. Prof. C.H.C. Wright and Lieut. W. Wright formerly of the 67th Battery know me and can testify to my character. Briefly the facts

of one hundred to one hundred and fifty men I am willing to remain a gunner but want to advance when opportunity presents itself. I feel that the six years out of school have made a more valuable man out of me, than the taking of my last year at school ever could.

I wish you would consider my case and write to me personally or Major J.W. Odell. O.C 13 Battery Petawawa Camp. Please pardon the liberty I have taken in writing to you personally and thanking you in advance for a prompt answer I remain Sincerely

Sumner H. McCannell #3444196 13 Battery
Petawawa Camp.

are as follows. My year was '14 and I was within a month of taking my third year exams when the treasurer of our company was caught embezzling from the concern. This upset our organization and as I had been trained from boyhood by the President, my father, for this line of work he sent for me and I entered on my new duties on a day's notice and have been steadily with the company for six years. In February '16 I secured my commission as Lieutenant (#22271) in the 20th Halton Regiment but

Through Provisional School of Infantry

did not go any further with it at the time on account of business responsibilities. Under the M.S.A. I was exempted till Aug. 1. on industrial grounds. I did not apply for an extension, choosing rather to enlist with my chums as a gunner in the 73rd Battery, Major Odell, O.C. on the eighth day of July. I really did three full years work at U of T, but had a good insight into Military life on account of my previous training and six years experience in the building

July 18th, 1918

Gunner F. R. McCannell, #344196,

73rd Battery,

Petawawa Camp.

Dear Mr. McCannell:

On my return to the city to-day which I leave this afternoon for England I find your letter asking about my using influence to get you a Commission. I am sorry that I have no influence of this kind and I have never attempted to secure commissions for any one. In fact I have no power beyond that of an ordinary individual, but I have on many occasions spoken to people about the way to get commissions, and find that now it is almost impossible except for those who have been on active service.

With kind regards, I am,

Yours sincerely,

President.

The Canadian Bank of Commerce

Head Office.

Toronto 5th May 1919

Dear Sir Robert Falconer:

I enclose you a letter which has come addressed to Sir Edmund Walker this morning. On the 10th of January Sir Edmund wrote to Mr Lawson to say that there would be a meeting of the Committee on Honorary Degrees towards the end of that month, and that unless there was some unforseen objection it was your intention to arrange that the degree for Mr Lawson should be granted in absentia. I do not know whether the meeting of the Committee was ever held as Sir Edmund did not write again to Mr Lawson. Will you be kind enough to let me know what I should say to Mr Lawson ?

Yours faithfully

Margaret D. McCaul

Sir Robert Falconer, K.C.M. G.

President, University of Toronto

Toronto

House of Commons

OTTAWA

Chatham Ont Jan. 20th 1919.

Sir Robert Falconer,

Toronto University.

Toronto Ont.,

Dear Sir Robert.- Re R. A. Moody.

I wish to thank you for having application sent my son for admission to the University but regret the treatment accorded him since he returned the application .

He received no acknowledgment although I wired the Registrar twice for an answer.

The reason I hoped for a definite reply was that when my son decided to continue his education I gave an option on my farm, which he had been assisting in operating until such time as he could obtain admission to the University.

When he received no reply he went to Toronto and was given a Card of Admission, wired me to that effect and I immediately sold my farm and advertised my stock etc. for sale (Bill enclosed) , after attending for a week he was notified that

House of Commons

OTTAWA

Chatham Ont Jar. 20th 1919

Sir Robert Falconer #2.

he could not be accepted and had to return home.

Now Sir Robert, when I had the honor to occupy a seat in the Legislature with the late Sir James Whitney and always supported grants to our Provincial University I do not believe I am deserving of such treatment, be compelled to send my son to some other Province to obtain an education.

Yours respectfully.

W. H. Clay

700 University St.

Montreal, March 12th, 1919

Sir Robert Falconer
President University of Toronto
Toronto, Ont.

Dear President Falconer,

I called at your office last Monday, with the hope that I might be able to see you, and to pay my respects, after just returning from overseas, but was informed that you would not be in that day, and as I came to Montreal Monday night, I did not have an opportunity of calling again. I also wished to ask you if I might give your name as a reference in applying for a position, I have applied for a position as Efficiency Engineer with the Swift Canadian Co.Ltd., and have taken the liberty of giving your name in case they wish to write to you for a reference.

I graduated with honours in Civil Engineering in 1915, and spent the following seven months on Research Work in determining strength values of structural timbers, at the Forest Products Laboratories of Canada at McGill University. In February 1916 I joined the Canadian Artillery, and went overseas as a Lieutenant in a Battery from McGill University. I was later seconded to Imperial Forces, and have spent the last two years with the Royal Garrison Artillery. I was promoted to Captain in France in December 1917. I returned to Canada about two weeks ago and expect to be discharged from the army, in a very few days.

I hope to be in Toronto again in a week or ten days, and shall look forward to having the honour of calling on you then.

In the meantime I am writing to briefly outline my work as above, in case the Swift Canadian Co.Ltd. should write to you for a reference.

I have the honour to be

Sir

Very respectfully yours,

Dear Sir Robert Alexander Falconer:-

Chan Bing, a Chinaman whom I have known for some years and of whom I have formed a very good opinion, called on me this afternoon and asked me to write you about a cousin of his named Harry Chan, who was a Student at the University College for either one or two years, but was arrested on the 24th of December last on a charge of keeping a gaming house. I cannot quite make out from Chan Bing what the result of the trial following on the arrest was, as I frequently have great difficulty in understanding his English, but what he wanted me to ask you was whether or not his cousin, Harry Chan, would be allowed to resume his studies. I promised him that I would write to you as he requested me to do, but made it perfectly plain to him that as I know nothing whatever either about his cousin or the facts connected with the charge on which he was arrested, I would not attempt to intercede.

Secretary.

DEPARTMENT OF LABOUR
CANADA

Ottawa, Ont., May 27th, 1919.

Dear Sir:-

The Government has asked me to make extensive investigations covering the causes of the high cost of living in Canada. This office as you doubtless know has been making certain investigations in this field in a limited way. Our orders now are to procure as much assistance as may be available in the Federal Service, and if necessary to go outside for further help, and to bring in as comprehensive reports as possible within the next two or three months.

I find the need of assistance of certain caliber which is not available in the Civil Service; man to act in secretarial capacity to assist me in general research in all methods pursued in other countries, to assist in getting the final reports ready for publication and to give me general advice along economic lines.

I have talked over this matter with some of the men in your Political Economy Department, and find that Professor Jackman is what I want for this work. He and Professor Cudmore also told me that his work in the Summer School could be so arranged that he could devote the time to this problem, and he appears to be very glad to undertake the task.

Under the circumstances whichIoutlined above and the pressingnature of this problem you may be willing to release Professor Jackman from his duties in the Summer School. Were it not for the Minister of Labour's absence in the West, I should ask him to write you, but as it is,the matter has received his ready sanction and has been approved by the Civil Service Commission.

Faithfully yours,

R.A. Falconer, Esq.,
President,
Toronto University,
Toronto, Ontario.

Sir Robert Falconer,
President Toronto University
Toronto, Ont:

Dear Sir,—

The matter of this letter to you being rather a delicate one, and yet very important and of a patriotic nature, you will no doubt forgive me for intruding on your valuable time, for I know you are a very busy Man. It is in reference to the city of Toronto insurance on my son, the late 2nd Lieut. Robt. B. McGuire who was one of the many young Students in the University of Toronto, in his second year in the Dental Department. At the end of the year 1915 he joined up with about 30 others the Y. O. T. C. and went overseas on Jan. 1st, 1916. When he was leaving he told us that he was on the list of those insured by the city of Toronto. He was killed in France on April 30th, 1917. I did not make application for this claim until September following. I spoke to Dr. W. E. Willmott, of the Dental Department,

and he informed me that I should make application for the insurance. I did so, and found his name duly recorded and filled out the form for that purpose. I was informed by the staff that the claim would be adjusted in the course of a few days. It is now over two years and I have not yet been informed whether the insurance would be paid or not. Of course I have read in the papers that the city council had thrown out all insurance on Soldiers whose parents did not reside in Toronto. That was seven months after my son fell, and felt sure this only referred to what they considered bogus claims. While in Toronto on Good Friday last I had a conversation with Dr. Willmott, about the delay. He was surprised that the claim had not been paid, and suggested that I write you in reference to the matter. It is a sacred trust, and the City should keep faith with its fallen heros. Every day the soldiers are being welcomed home by their friends in the spirit they well deserve. Why forget those who have sons lying in "Flanders Fields." Would you kindly see the proper officials re this insurance and have the claim put through.

Yours very truly

Blaney McGuire

President, University of Toronto,
Toronto, Ont.

Sir,-

The Lignite Utilization Board in order that they may locate the proposed experimental briquetting plant in Saskatchewan most advantageously, find it necessary to ascertain with some degree of certainty the quality of the lignites occurring in the Estevan district. This Department is co-operating with them by making the necessary analyses; but we find that the samples available are not sufficiently representative for the purpose.

Mr. Alexander MacLean one of the lecturers in your Department of Geology has worked for us in that field and is better qualified than any one else to carry out the requirements of the Board. Would it be possible for you, considering the national importance of the work, to allow Mr. MacLean leave of absence from the University for two or three weeks in order to visit Saskatchewan for the purpose mentioned.

I have the honour to be, Sir,

Your obedient servant,

William McInnes

Directing Geologist.

Dear Sir Robert:

I have just had a call from Miss Hunter, the daughter of one of the Irish missionaries in Manchuria, whom I met when there. She and her sister are on the way back to Ireland in order to pursue their studies, but are not permitted to cross the Atlantic.

The wishes to begin her medical work here in order to save time. She has already passed the equivalent to matriculation in Queen's College, Belfast, and is getting a sworn certificate to that effect which she wishes to present to the Senate when it meets. She fears that there is going to be some difficulty in entering and if so, will have to seek some other institution in which to redeem the time. I hope however it will be possible to admit her, and thus enable her as quickly as possible to enter upon her work as a medical missionary where at the present time and I fear for some years to come the need is very great.

Anything you can do to make the way easier for her will be appreciated.

I am,

Yours sincerely,

R. P. Mackay

We shall accept your offer and renew the Lease on the property on the corner of Peter and Adelaide Sts. for a year dating from October 20th. next.

Yours very truly,

JSM/AEJ

[illegible]

a day ago I received a cable from the University of Manitoba asking me whether I would consent to returning to Winnipeg to direct special academic courses for returned soldiers. I scarcely know what it involves, but, knowing as I do the sacrifices made by our wonderful men over here for humanity itself, I can not be otherwise than willing to do all in my power to assist them now.

It has been a wonderful experience for me, this Great War, bitter and sad at times: but my regret is that I was not in it at the very beginning. Participating in the wonderful ending was some compensation, and small as was the part played by any individual, yet collectively the accomplishments of the British are beyond all praise.

very trying times just now. We find inactivity more unbearable than fighting. At least it seems so now. Not that we have any desire to hear once more the whistling of the shells, but our life has been so strenuous for the past four years that we are now impatient when there is so little to do.

As perhaps you know I served first with the Canadian Infantry until after the Battle of the Somme in 1916. I secured in Nov. 1916 a transfer to the Canadian Artillery and after a few days course in England came out in command of an Imperial Battery of Siege Artillery and I have commanded it continuously in France for over two years, and am still with it. But just

You will probably see from your University records that my young brother, Dougald, who graduated in Medicine about 1912 or 1913 was killed out here. He was on the staff of the General Hospital Winnipeg before enlisting in the R.A.M.C. in June 1915. I feel his loss very keenly, but these sacrifices had to be made.

I feel I should like to visit the University of Toronto some time soon. I have fond memories of my 'Alma Mater'. I hope we shall be honoured by a visit from you when you are passing through Winnipeg, and that ere long.

I am writing Principal Hutton a note to-day, and will ask him to remember me most kindly to my friends of University College and should like you to remember me to those of the University under whom I had the privilege of studying.

Again thanking you President Falconer,

I am yours very sincerely, N. B. MacFarlan.

B.E.F.,
FRANCE.

Dear President Falconer,

I feel that I am guilty of the basest neglect and ingratitude in not acknowledging long ago the very kind joint letter from Principal Hutton and you on behalf of the University and of University College dated away back in July of last year.

As a matter of fact it was long-delayed in reaching me, as it first went to Winnipeg and was forwarded to me in France.

I thank you most sincerely for your congratulations and for your good wishes.

We are passing through

Ernest, through the good offices of a Physician of Distinction who was a prisoner, and who was released a month ago, was able to establish communication with the Authorities at Oxford. He had, in accordance with instructions from Oxford, prepared a Choral-orchestral work of which the libretto was Swinburne's Ode "England". The work, which was probably set for Chorus and full orchestra, was permitted to pass through Berlin to England, and reached Oxford safely. Ernest was admitted to the degree in absentia in June, and the work has been deposited in a safe place. I mention these facts as I know that you would like to have any details which have reached us.

Ernest will be greatly interested to hear that the Faculty of Music has been definitely established. I hope that he may have scope to help in the development of the Art of Music in Canada, rather than that he should be persuaded to go elsewhere in the New World. If, when you are in England, opportunity should arise to bring before Sir Robert Borden or other influential gentleman the possibility of the exchange of Canadian Prisoners, all who are interested in the question would be deeply grateful to you. Mrs Macmillan and I hope that you may have a safe and prosperous voyage to England.

Yours very sincerely
Alexander Macmillan

382 Spadina Road
Toronto

July 10th 1918

Dear President Falconer

Mrs Macmillan and I appreciate very highly your letter of congratulation, with the generous words concerning Ernest. It is not only a matter of gratitude and pride does that, in spite of almost insuperable obstacles, he has attained this distinction, but it is also assurance does that, in mind and body, he has sustained well the strain of these trying years. I shall convey to him your message, and I know how highly he will prize it, and how greatly he will be cheered by it.

The letters containing details information reached us this morning, and were full of interest.

Dear Sir:

Will you please inform me if there is likely to be a vacancy in your Departments of Education or Psychology for the coming year ? In event of such a vacancy I wish to make application for such position.

I hold an A. B. degree from Acadia University, Wolfville, N. S. (1909). I have an A. M. degree from the University of Chicago (1915). I have had two years of graduate work at Yale University and four quarters at the University of Chicago. My class work is finished for a Ph. D. in Education and Psychology. I held the Ives Fellowship in Philosophy at Yale (1912-14), and was a Fellow in Education at the University of Chicago (1915-16).

I studied while at Yale University with Professors E. C. Moore, now of Harvard, Cameron, Gesell and Frost. At the University of Chicago I took courses with Professors Judd, Parker, Jernegan, Freeman, Angell anc Carr.

I did supply teaching at Michigan State Normal, Kalamazoo, January to June, 1916, and at Bradley Institute, Peoria, Ill., 1916-17. I have taught Education at Lindenwood College for the past two years. I am to teach three courses in Education during the Summer School at Bradley Institute this year.

If you so wish, I shall be glad to have my papers forwarded to you from the Bureau of Recommendations, University of Chicago.

Yours very truly,

Josephine H. MacLatchy.

Messrs. Matthews Bell Foundry Company,

Baltimore, Md.

Gentlemen:

I have received your letter offering to tender for the manufacture of a set of bells for the proposed Memorial of the University of Toronto. I will send your letter to the Committee stating why this letter on the decision does not rest with me, and they will doubtless give very careful consideration to your statement.

Yours sincerely,

President.
